

EDILGRAPPA

Made In Italy

CB700 Electric Hydraulic Pump

The CB700 electric hydraulic pump is suitable for all applications to power heavy duty hydraulic equipment. This unit can be ideally used with the Edilgrappa 315DE, MCD 370, F130N and F170N models. The CB700 is also ideal for rescue scenarios, factory environments and on-site work.

The CB700 Can Power These Hydraulic Units Below:

F130N & F170N

MCD 370

315DE

	CB700
Voltage	400Volt / 50Hz Triphase
RPM	1.420/min
Pressure	700 Bar
Oil Flow	4 l/min
Oil Tank Capacity	23 Litres
Weight	92Kg
Dimensions	680 x 490 x 710mm

FOR PROFESSIONALS THAT NEED TO OPERATE HEAVY DUTY HYDRAULIC EQUIPMENT WITH EASE
