

CACTUS

SEP-12 Hydraulic Power Pack

This electric hydraulic power pack pump is suitable for all applications to power small to medium size hydraulic cylinders and tools. Being lightweight at 9.5kgs and compact in design, this unit is easy to transport for site work applications. Also comes complete with standard high pressure hose.

	SEP-12 Hydraulic Power Pack
Max Pressure MP (kgf/cm ²)	700 Bar
Low Pressure (L/min) 1MPa (10kgf/cm ²)	2.2
High Pressure (L/min) 68MPa (700kgf/cm ²)	0.17
Power Supply (V)	AC240 Volt (50Hz)
Power Consumption (W)	300 Watt
Oil Tank Capacity (L)	1.2L
Dimensions	245 x 145 x 280mm
Weight	8.5kgs

LIGHT AND COMPACT DESIGN FOR EASY PORTABILITY
