

MU16 Cordless Rebar Cutter

FEATURES A 320 DEGREE ROTATABLE CUTTING HEAD

The MU16 cordless rebar cutter will safely and cleanly cut rebar up to 16mm diameter. This self-contained electric/ hydraulic unit will also cut other items like chains, bolts, steel mesh, rebar, locks and rod. The MU16 can cut in close proximity to a trapped victim in rescue situations, as it does not produce sparks or heat when in operation. The MU16 also features a safety relief valve for retracting the piston and opening the cutting jaws if required by the operator. This unit offers the operator a 320 degree rotatable cutting head for flexible use when in operation. The cutting blades have 3 cutting edge faces and can be rotated to the next clean cutting edge. This tool is complete with battery charger, durable plastic carry case and two 18 volt batteries.

Specifications	Model MU16
Motor	18Volt DC / 22 Amp / 400Watt
Cutting Speed	4 Seconds
Maximum Cutting Capacity	16mm High Tensile Material / 620N / mm ²
Weight	9Kgs
Dimensions L x W x H	490 x 395 x 135mm
Standard Accessories	Heavy Duty Carry Case
Hydraulic Pressure Output	14 tones / 560 Bar

FOR PROFESSIONALS THAT NEED TO CUT HIGH TENSILE REBAR
