MU16 Electric Hydraulic Rebar Cutter

Optional Extendable Handle to Suit MU16

The MU16 cordless rebar cutter will safely and cleanly cut rebar up to 16mm diameter. This self-contained electric/ hydraulic unit will also cut other items like chains, bolts, steel mesh, rebar, locks and rod. The MU16 can cut in close proximity to a trapped victim in rescue situations, as it does not produce sparks or heat when in operation. The MU16 also features a safety relief valve for retracting the piston and opening the cutting jaws if required by the operator. The cutting blades have 3 cutting edge faces and can be rotated to the next clean cutting edge.

Specifications

Specifications	Model MU16
Motor	1100Watt / 230Volt / 5.2Amps
Cutting Speed	4 Seconds
Maximum Cutting Capacity	16mm High Tensile Material / 620N / mm ²
Weight	9.4kgs
Dimensions L x W x H	490 x 395 x 135mm
Standard Accessories	Heavy Duty Carry Case
Hydraulic Pressure Output	14 tons / 560 Bar

FOR PROFESSIONALS THAT NEED TO CUT HIGH TENSILE REBAR
