Made In Italy

## MU16P Cordless Hydraulic Rebar Bender

MU16P cordless hydraulic rebar bender has been designed to bend 16mm high tensile rebar with ease for on-site & factory based applications. This unit is powered by a reliable DeWalt battery motor which drives the precision designed radial pump that develops an output of 10.5 tons / 400 bar of hydraulic pressure.

The MU16P features a user friendly trigger handle grip and boasts a lightweight and compact design, allowing the operator to move the tool around a worksite with ease. This unit is designed & precision manufactured in Italy to the highest of international standards for the global construction market.

<u>Specifications</u>	<b>MU16P Cordless Rebar Bender</b>
Maximum Material Thickness	16mm Diameter Rebar
Maximum Bending Angle:	90 Degrees
Maximum Operating Pressure	10.5 Ton / 400 Bar
Weight	10.7Kgs
Dimensions L x W x H	560 x 125 x 370mm
Standard Accessories	Heavy Duty Carry Case

**DESIGNED FOR PROFESSIONALS THAT NEED TO BEND 16MM HIGH TENSILE REBAR WITH EASE**
