

# HCC-13BL Cordless 13mm Rebar Cutter

Innovators in  
High Quality  
Rebar Cutting  
Tools &  
Equipment

**MADE IN  
JAPAN**

The HCC-13BL cordless hydraulic rebar cutter has been designed for cutting maximum 13mm diameter high tensile rebar with ease for factory & on-site industrial applications. This tool boasts a compact and portable design with user friendly controls for ease of use in any working position.

The HCC-13BL precision hydraulic system is powered by Makita's brand new cordless series of brushless motors. During operation, the specially designed fan cooling system delivers a high volume of air over the hydraulic pump and cordless motor power supply to help prevent overheating when used for mass production work. This tool is designed and precision manufactured in Japan.
