

HCC-13DF Cordless Rebar Cutter

Innovators in
High Quality
Rebar Cutting
Tools &
Equipment

**MADE IN
JAPAN**

The HCC-13DF cordless hydraulic rebar cutter has been designed for cutting maximum 13mm diameter high tensile rebar with ease for factory & on-site industrial applications. This tool boasts a compact and portable design with user friendly controls for ease of use in any working position.

The HCC-13DF precision hydraulic system is powered by a Makita 18V 3Ah Li-Ion battery & motor. During operation, the specially designed fan cooling system delivers a high volume of air over the hydraulic pump and cordless motor power supply to help prevent overheating when used for mass production work. This tool is designed and precision manufactured in Japan.
