**PRECISION MADE
IN JAPAN**

The threaded rod cutter cuts cleanly on both sides of rod enabling nuts to be screwed on either side and produces no sparks when cutting the material.

The DW-400 threaded rod cutter is extremely reliable, powerful and easy to use and has the ability to cut M8, M10, M12, W3/8, W1/2, 3/8 UNC & 1/2 UNC mild steel and stainless steel hooker rod (all thread).

This unit features a locking pins system that enables the user to switch and change cutting dies in a matter of seconds.

**FOR PROFESSIONALS WHO NEED TO CUT THREADED MILD STEEL
& STAINLESS STEEL HOOKER ROD**
