MDC-300 Cordless Combi Rescue Cutter & Spreader

MDC-300 Combie Rescue Cutter & Spreader

The Edilgrappa MDC-300 rescue combi cutter & spreader is a precision engineered hydraulic cutter & spreader that can be used in extrication scenarios and disaster relief areas. The MDC-300 cutting/spreading head is hydraulically driven and can produce up to 7 tonnes of pressure.

This unit features a battery powered motor that's powered by a Li-Ion battery, which drives a precision designed radial hydraulic pump that produces 7 tonnes of pressure. This unit can always be relied on for continuous use on rescue & extrication operations. Fitted with a special grip, the MDC-300 demonstrates maximum portability options when applied in multiple rescue situations.

<u>Specifications</u>	<u>Model MDC-300 Combi Tool</u>
Maximum Blade Opening	300mm
Battery Operating Life	1.2 Hours
Maximum Operating Force	Cutting Force - 19.3 Tonnes Spreading Force - 10.1 Tonnes Squeezing Force - 3.7 Tonnes
Weight	10.3Kgs
Dimensions L x W x H	690 x 240 x 360mm
Standard Accessories	Heavy Duty Carry Case
Hydraulic Pressure Output	7 Ton / 550 Bar Pressure
