

# ORC-16DF Cordless Rebar Cutter

Innovators in  
High Quality  
Rebar Cutting  
Tools &  
Equipment

The ORC-16DF cordless hydraulic rebar cutter has been designed for cutting maximum 16mm diameter high tensile rebar with ease for factory & on-site industrial applications as well as rescue & extrication scenarios.

This tool boasts a compact and portable design with user friendly controls for ease of use in any working position. This tool features a flexible 360° rotatable cutting head for easier maneuverability when in use by the operator.

The ORC-16DF precision hydraulic system is powered by a Makita 18V 3Ah Li-Ion battery & motor. During operation, the specially designed fan cooling system delivers a high volume of air over the hydraulic pump and cordless motor power supply to help prevent overheating when used in intense cutting application. This tool is designed and precision manufactured in Japan.
