

ORC-19DF Cordless Rebar Cutter

Innovators in
High Quality
Rebar Cutting
Tools &
Equipment

The ORC-19DF cordless hydraulic rebar cutter has been designed for cutting maximum 20mm diameter high tensile rebar with ease for factory & on-site industrial applications as well as rescue & extrication scenarios.

This tool boasts a compact and portable design with user friendly controls for ease of use in any working position. This tool features a flexible 360° rotatable cutting head for easier maneuverability when in use by the operator.

The ORC-19DF precision hydraulic system is powered by a Makita 18V 3Ah Li-Ion battery & motor. During operation, the specially designed fan cooling system delivers a high volume of air over the hydraulic pump and cordless motor power supply to help prevent overheating when used in intense cutting application. This tool is designed and precision manufactured in Japan.
