

SEK Tungsten Carbide Hole Saw Range

Innovators in
Precision Hole
Punching Tools
& Equipment

Stainelec Hydraulic Equipment presents the SEK tungsten carbide hole cutters manufactured in Japan.

The high quality SEK tungsten carbide hole cutters feature a patented design to the cutting angle between teeth configuration, resulting in less effort being required when using electric/ battery drilling tools.

The outer and inner cutting tip edges are designed to enhance the discharge of chips, resulting in a smooth and efficient operation.

- Carbide cutters come complete with an Arbor and HSS drill bit
- Maximum depth on hole is 25mm for Stainless Steel and Mild Steel
- Selected sizes are available for 38mm deep hole cutting
- Also includes selected imperial sizes for use when holes are required for nominal size round tube
- Cutting through tube can be precise, quick and easy in most general applications
- Cutter can be sharpened repeatedly thanks to carbide teeth quality

Stainelec Hydraulic Equipment are the sole Australian agents for SEK products for both the Australian & International metal working industry.

International Standards***

SEK Fixed Arbor Hole Saws (25 & 38mm Long Body)

- Outer and inner cutting tip edges are so designed to enhance the discharge of chips and thus resulting in a smooth and efficient operation
- On completion of hole cutting a mill finish is accomplished on the internal face of the work piece
- Being a precision cutting tool the operator will achieve their exact desired hole cut size
- Maximum depth on hole is 25mm for Stainless Steel and Mild Steel

Fixed Arbor Kits

SEK Fixed Arbor T.C.T. Hole Cutter Kit No.1

7 x Round Hole Cutter (25mm Long Body); 16, 20, 25, 32, 38, 40 & 50mm, 1 x Plastic Carry Case

SEK Fixed Arbor T.C.T. Hole Cutter Kit No.2

7 x Round Hole Cutter (25mm Long Body); 16, 19, 25.4, 31.8, 35, 38 & 50.8mm, 1 x Plastic Carry Case

Available Sizes

Tungsten Carbide Hole Cutters (25mm LB)

Sizes Available:

15mm to 100mm (Available in 1mm Increments)

Also available; 102mm, 105mm, 110mm, 115mm & 120mm

Select imperial sizes available; 25.4mm, 31.8mm, 50.8mm, 63.5mm & 101.6mm

Tungsten Carbide Hole Cutters (38mm LB)

Sizes Available:

19mm, 20mm, 21mm, 22mm, 25mm, 26mm, 27mm, 28mm, 30mm, 32mm, 35mm, 38mm, 40mm, 45mm, 50mm & 55mm

SEK Interchangeable Tungsten Carbide Hole Saws

SEK Quick Change T.C.T. Hole Cutter Kit

- 6 x Cutter Blades; 20, 25 , 32, 38, 40 & 50mm
- 1 x Quick Change Arbor with Pilot Drill
- 1 x Plastic Carry Case

The SEK Interchangeable Hole Saws features a unique Quick Change tungsten carbide blade design to increase productivity in production workshop applications (use 1 Arbor with various size SEK T.C.T. hole cutter blades).
