

TF63DE Hydraulic Wire Rope Cutter

Innovators in
Precision Steel
Wire Rope
Cutting Tools

**MADE IN
ITALY**

The TF63DE hydraulic wire rope cutter is designed to cut 63mm max. diameter wire rope with ease, producing zero sparks or hot particle debris when in operation. This unit develops an impressive cutting force of 87 Tons & a reliable operating pressure of 700 bar when in use.

The TF63DE also features an ergonomic twin control handle enabling the operator to use the tool efficiently without sacrificing time or safety. This tool is designed & precision manufactured in Italy to the highest of ISO9001 standards for the global manufacturing & construction markets.
